Education is the manifestation of wisdom which is already present in man. So said Swami Vivekananda. These and many other inspiring, vibrant words of this Hindu Monk have left and continue to leave a lasting impact on generations of independent India.

It was no different in the case of Sri Krishna J. Palemar and in the year 2012, Vikas Pre-University College under the aegis of Vikas Education Trust was born. Teachers were trained into fine tuned human resources, empowering students and bringing out the best in them. As role models, they helped the students to discover their strengths and weaknesses, making them more creative and innovative with a quest for knowledge and flair for learning. The first batch of 183 students set a trend with a sterling performance, making the institution synonymous with quality education. There has been no looking back since. The college caters to the Commerce and Science streams.

It has the required infrastructure and manpower to support its quest for excellence. The college is managed by Vikas Education Trust, Mangaluru.

The teacher refines and reconciles the different currents of thought, the Vedic cult of sacrifice, the Upanishad teaching of the transcendent Brahman, the Bhagavata theism and tender piety, the Samkhya dualism and the Yoga meditation. He draws all these living elements of Hindu life and thought into an organic unity. He adopts the method, not of denial but of presentation and shows how these different lines of thought converge towards the same end.
Vikas Pre-University College believes in empowering the youth of the Nation to become worthy citizens by developing their human resource and facilitating their ability to learn, unlearn and relearn so as to function as humane and enlightened leaders of society.

Vision

to transform lives through compassionate education

Mission

moulding leaders & lives
Vikas Education Trust was registered in the year 1993 at Mangaluru by Sri Krishna J. Palemar – Visionary, Philanthropist, Social Activist, and a former Cabinet Minister, Government of Karnataka. Sri Palemar understood quality education was the need of the 90s, and inducted select qualified and competent into the Trust. Their far sight and thinking ahead of times soon gave birth to Vikas Group of Institutions and as a maiden venture the Vikas College of Physiotherapy started functioning in the same year. The college offered Bachelors and Masters Programs, and soon emerged as a premier institution.

Inspired by its ‘Physiotherapy’ success, the Trust sought to reach out and found there was an acute shortage of quality pre-university colleges in Mangaluru amidst a burgeoning zest of parents from rest of Karnataka to send their wards to Mangaluru. The Vikas Pre-University College came into being, quenching this thirst for quality education.

Look that empowers a visionary. Look that nurtures a problem solver. And a look that sees the genuine and amazing; delivers efficiency, leadership and results; and lives humane, caring and compassionate.

At Vikas, no matter who you are, no matter what you did, no matter where you've come from, we ensure that you become a better version of yourself after two years of learning with us. Everyone can rise above their circumstances and achieve success if they are dedicated to and passionate about what they do. And herein lies the quest for excellence, the path we set you on.

Dear Parents,

A verse from one of Nobel laureate Sri Rabindranath Tagore’s poem says it all: “Spring has passed. Summer has gone. Winter is here and the song I meant to sing remains unsung. Foss, I have spent my days stringing and unstringing my instrument”. To me, it always is a potent reminder that how we spend our days determines how we spend our lives.

At Vikas, we make sure that every day counts and your ward gets one step closer to a long cherished dream! Vikas Education Trust promotes quality education through its various endeavours. We have certified student counsellors to motivate and guide students to prepare S-M-A-R-T study plans.
